Projects

Swakopmund

DRC (Democratic Resettlement Community) is a township near the city of Swakopmund. The art school project runs since 2011.

Mayana Community Project

The village Mayana is located in the very north of Namibia along the border to Angola.

We run projects in the area of education, sports, construction and skills development since 2009.

Our Vision

To provide personal opportunities for people to meet as equal partners across nations and languages, to support the development of "world citizenship", at grass roots level.

**„Put your eyes on
tomorrow and your
feet on today.”**

Our Action

Make Change Possible e.V. is a non-profit organization, with the aim of getting people across nations and races to work together, as equal partners, by actively engaging in the local community's life, in Namibia, Africa. To achieve that, the members of MCP have the power to initiate and execute their own projects, in the areas of sports, language, arts, or any other area of their personal interest. MCP provides them with the necessary tools and support, while giving them the ability to «own» their projects. Our way to make it happen:

- **MCP CAS Trip for IB Diploma students**
- **MCP Friends Trip**
- **Funding and Fundraising events**
- **Educational event: MCP Fair**
